Management's Responsibility

To the Council of Episcopal Corporation of Saskatoon:

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian accounting standards for not-for-profit organizations. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Diocesan Finance Council ("Council") and Audit Committee are composed primarily of Members who are neither management nor employees of the Corporation. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial information. The Audit Committee has the responsibility of meeting with management and external auditors to discuss the internal controls over the financial reporting process, auditing matters and financial reporting issues.

MNP LLP is appointed by the Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Audit Committee and management to discuss their audit findings.

December 8, 2021

Management

To the Council of Episcopal Corporation of Saskatoon:

Qualified Opinion

We have audited the financial statements of Episcopal Corporation of Saskatoon (the "Corporation"), which comprise the statement of financial position as at June 30, 2021, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Corporation as at June 30, 2021, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Qualified Opinion

As explained in Note 2, certain accounting policies followed by the Corporation are not in accordance with Canadian accounting standards for not-for-profit organizations. Pensions are accounted for on a cash basis and not all tangible capital assets owned by the Corporation are recorded and being amortized. The effect of these departures from Canadian accounting standards for not-for-profit organizations on the audited financial statements has not been determined. Our audit opinion on the financial statements for the year ended June 30, 2020 was modified accordingly because of both of these departures.

In addition, in common with many charitable organizations, the Corporation derives revenue from the general public in the form of fundraising activities and donations, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of the Corporation. Therefore, we were not able to determine whether any adjustments might be necessary to donations revenue, special collections revenue, parish assessments revenue, Bishop's Annual Appeal revenue, excess of support and revenue over expenses and cash flows from operations for the years ended June 30, 2021 and June 30, 2020, current assets as at June 30, 2021 and 2020, and net assets as at July 1 and June 30 for both the 2021 and 2020 years. Our audit opinion on the financial statements for the year ended June 30, 2020 was modified accordingly because of the possible effects of this limitation in scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Corporation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Corporation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Corporation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Corporation's financial reporting process.

Independent Auditor's Report (continued from previous page)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Corporation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes are an integral part of these financial statements

1. Incorporation and nature of the organization

Episcopal Corporation of Saskatoon (the "Corporation") was incorporated under a private members bill in the Province of Saskatchewan.

The Corporation consists of the Bishop and other Canonically mandated offices as well as Pastoral ministries working with, and on behalf of, the Roman Catholic Parishes in the Diocese of Saskatoon.

Impact on operations of COVID-19 (coronavirus)

In early March 2020 the global outbreak of COVID-19 (coronavirus) began to have a significant impact on operations through the restrictions put in place regarding travel, business operations and isolation/quarantine orders.

The Corporation has been impacted by significant gathering size restrictions, reduced donation revenue, and cancellation of fundraising events. To mitigate these impacts, the Corporation obtained support through the federal government of Canada's Temporary Emergency Wage Subsidy and Emergency Wage Subsidy (see further details in Note 11).

The Corporation continues to assess the situation as it evolves and make changes to its operations in response. While the extent of the impact is unknown, this outbreak has caused the changes as discussed above, and possible other changes not yet known, all of which could negatively impact the Corporation's business and financial condition.

2. Significant accounting policies

The financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations ("ASNPO"), except for the accounting policies noted for tangible capital assets and the defined benefit pension plan, and include the following significant accounting policies:

Basis of presentation

The accompanying financial statements include the assets, liabilities, net assets and financial activities of the Corporation.

The parishes of the Diocese of Saskatoon are related to the Corporation by virtue of common control by the Bishop. The activities and accounts of these parishes are not consolidated in the financial statements.

Financial instruments

The Corporation recognizes its financial instruments when the Corporation becomes party to the contractual provisions of the financial instrument. All financial instruments are initially recorded at their fair value, including financial assets and liabilities originated and issued in a related party transaction with management. Financial assets and liabilities originated and issued in all other related party transactions are initially measured at their carrying or exchange amount in accordance with Section 3840 *Related Party Transactions* (refer to Note 4).

The Corporation has elected to subsequently measure all investments at fair value. Fair value is determined by published price quotations. All other financial assets and liabilities are subsequently measured at amortized cost.

Transaction costs and financing fees directly attributable to the origination, acquisition, issuance or assumption of financial instruments subsequently measured at fair value are immediately recognized in the excess of support and revenue over expenses for the current period. Conversely, transaction costs and financing fees are added to the carrying amount for those financial instruments subsequently measured at cost or amortized cost.

Financial asset impairment

The Corporation assesses impairment of all of its financial assets measured at cost or amortized cost. When there is an indication of impairment, the Corporation determines whether it has resulted in a significant adverse change in the expected timing or amount of future cash flows during the year. If so, the Corporation reduces the carrying amount of any impaired financial assets to the highest of: the present value of cash flows expected to be generated by holding the assets; the amount that could be realized by selling the assets; and the amount expected to be realized by exercising any rights to collateral held against those assets. Any impairment, which is not considered temporary, is included in current year excess of support and revenue over expenses.

The Corporation reverses impairment losses on financial assets when there is a decrease in impairment and the decrease can be objectively related to an event occurring after the impairment loss was recognized. The amount of the reversal is recognized in the excess of support and revenues over expenses in the year the reversal occurs.

2. Significant accounting policies *(Continued from previous page)*

Revenue recognition

The Corporation follows the deferral method of accounting for contributions.

Restricted contributions are recognized as revenue in the year in which the related expenses are incurred.

Unrestricted contributions, donations and collections, including those from the Bishop's Annual Appeal and Parish Assessments, are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Interest on investments is recognized as revenue as it is earned. Gains and losses that arise from the sale of investments or that arise from changes in market values are recognized in the excess of support and revenue over expenses in the period that the gains and losses occurred.

Cash and cash equivalents

Cash and cash equivalents include balances with banks. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Tangible capital assets

Certain purchased tangible capital assets are recorded at cost.

Amortization is not recorded on these tangible capital assets, and not all tangible capital assets are recorded, which is not in accordance with ASNPO.

Employee future benefits

The Corporation's employee future benefit program consists of a defined benefit plan for the benefit of the priests of the Diocese of Saskatoon.

The Corporation does not follow defined benefit plan accounting for this plan. Contributions to the plan are expensed as incurred, which is not in accordance with ASNPO.

Foreign currency translation

These financial statements have been presented in Canadian dollars, the principal currency of the Corporation's operations.

Transaction amounts denominated in foreign currencies are translated into their Canadian dollar equivalents at exchange rates prevailing at the transaction dates. Carrying values of monetary assets and monetary liabilities reflect the exchange rates at the statement of financial position date. Gains and losses on translation or settlement are included in the determination of excess of support and revenue over expenses for the current period.

Contributed materials and services

Contributions of materials and services are recognized both as contributions and expenses in the statement of operations when a fair value can be reasonably estimated and when the materials and services are used in the normal course of the Corporation's operations and would otherwise have been purchased.

Government assistance

Emergency Wage Subsidies

The Corporation recognizes government assistance when there is reasonable assurance that it will comply with the conditions required to qualify for the assistance, and that the assistance will be received.

Episcopal Corporation of Saskatoon
Notes to the Financial Statements
For the year ended June 30, 2021

2. Significant accounting policies (Continued from previous page)

Measurement uncertainty

The preparation of financial statements in conformity with ASNPO requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Government assistance is valued based on claims made under government support programs. These are new programs so there are uncertainties about the interpretation and application of the conditions of the programs and it is possible that differences in interpretation could lead to differences in eligible amounts determined.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in excess of support and revenue over expenses in the periods in which they become known.

3. Restricted cash

During the year, the Corporation received \$222,882 (2020 - \$140,403) from co-sponsors on immigration applications being handled by the Corporation's Migration Office. The use of the funds is restricted for financial support of the new migrants when they arrive in Canada, and will be held in trust until that time.

4. Related party transactions

During the year, the Corporation entered into transactions with the Diocese of Saskatoon Catholic Foundation Inc., and parishes of the Saskatoon Roman Catholic Diocese, organizations which are under common control. These transactions were made in the normal course of business and have been recorded at the exchange amounts, which is the amount of consideration established and agreed to by the parties. The balances receivable for the Parish Development Fund and Priests are under specific payment plans. The balances payable for the Parish Development Fund and all other amounts have no set repayment terms and are due on demand.

The particulars of the related party transactions with the Diocese of Saskatoon Catholic Foundation Inc. for the year are as follows:

	2021	2020
Support and revenue		
Bishop's Annual Appeal	935,567	981,199

--	-----------	---------

Episcopal Corporation of Saskatoon
Notes to the Financial Statements
For the year ended June 30, 2021

7. Restrictions on net assets

Internally restricted net assets

The Council has internally restricted \$839,982 (2020 - \$809,361) of net assets to be used for specific program activities. These internally restricted amounts are not available for other purposes without approval of the Council and consist of the following:

	2021	2020 <i>(Restated - Note 13)</i>
Insurance deductible reserve	312,937	289,816
Clergy medical reserve	214,813	214,813
Capital building reserve	181,743	181,743
Lay education and formation reserve	62,000	62,000
Bishop's ordination reserve	23,031	20,531
Capital equipment reserve	21,320	16,320
Diaconal discernment reserve	15,000	15,000
Bishop's discretionary reserve	6,000	6,000
Mass stipends reserve	2,050	2,050
Ministries reserve	938	938
Pooled mileage reserve	150	150
	839,982	809,361

8. Accrued liabilities

	2021	2020
Clergy stipend payable	227,500	187,500
Less: current portion	32,500	10,000
	195,000	177,500

9. Employee future benefits

An independent actuarial review of the St. Joseph's Mutual Aid Society Pension Plan is conducted every three years with the last actuarial valuation for funding purposes performed at January 1, 2020. The evaluation prepared based on the going concern assumption reported an \$820,000 funding excess.

The total amount of pension expense included in clergy expense is \$110,611 (2020 - \$246,029).

10. Financial instruments

The Corporation, as part of its operations, carries a number of financial instruments. It is management's opinion that the Corporation is not exposed to significant interest, currency, credit, liquidity or other price risks arising from these financial instruments except as otherwise disclosed.

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in interest rates. Changes in market interest rates may have an effect on the cash flows associated with some financial assets and liabilities, known as cash flow risk, and on the fair value of other financial assets or liabilities, known as price risk. In seeking to minimize the risks from interest rate fluctuations, the Corporation manages exposure by maintaining a diversified investment portfolio.

Episcopal Corporation of Saskatoon
Notes to the Financial Statements
For the year ended June 30, 2021

10. Financial instruments *(Continued from previous page)*

The Corporation is exposed to interest rate price risk with respect to its investments including bonds which are subject to fixed interest rates ranging from 0.91% to 3.66% (2020 - 1.92% and 3.66%). In seeking to minimize the risks from interest rate fluctuations, the Corporation manages its exposure by selecting investments with a variety of rates of return and maturity dates.

Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or foreign currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Corporation's investments in publicly-traded securities exposes the Corporation to price risk as these investments are subject to price changes in an open market due to a variety of reasons including changes in market rates of interest, general economic indicators and restrictions on credit markets. The Corporation has an investment policy, which limits activity to those designated as moderate risk investments.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Corporation enters into transactions denominated in United States currency for which the related cash and investment balances are subject to exchange rate fluctuations. This risk is not currently managed by the Corporation. As at June 30, 2021, the following items are denominated in United States currency:

	2021 CAD\$	2020 CAD\$
Cash	147,948	210,630
Investments	3,803,625	2,955,044

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Corporation is exposed to credit risk through their outstanding accounts receivable with individual parishes, priests, and the Diocese of Saskatoon Catholic Foundation Inc.

Credit concentration

As at June 30, 2021, four contributors (2020 - three) accounted for 69% (2020 - 67%) of short and long-term accounts receivable. The Corporation believes that there is no unusual exposure associated with the collection of these receivables. The Corporation performs regular credit assessments of its contributors and provides allowances for potentially uncollectible accounts receivable.

Liquidity risk

Liquidity risk is the risk that the Corporation will encounter difficulty in meeting obligations associated with financial liabilities. The Corporation manages its exposure to liquidity risk through maintaining liquid assets and through controlling its expenditures, which are partially discretionary based on revenues received.

11. Income taxes

The Corporation is registered as a charitable organization under the *Income Tax Act* (the "Act") and as such is exempt from income taxes and is able to issue donation receipts for income tax purposes. In order to maintain its status as a registered charity under the Act, the Corporation must meet certain requirements within the Act. In the opinion of management, these requirements have been met.

12. Government assistance

Emergency Wage Subsidies

In response to the negative economic impact of COVID-19, the Government of Canada announced the Temporary Wage Subsidy ("TWS") program in March 2020 and the Canada Emergency Wage Subsidy ("CEWS") program in April 2020. TWS and CEWS provide wage subsidies on eligible remuneration, subject to limits per employee, to eligible employers based on certain criteria, which for CEWS includes demonstration of revenue declines as a result of COVID-19. The TWS subsidy is retroactive to March 18, 2020 and ran for 3 months to June 19, 2020. The CEWS subsidy is retroactive to March 15, 2020. The qualification and application of the CEWS is assessed over multiple four-week application periods.

The Corporation has applied for and received government assistance related to the TWS in the amount of \$nil (2020 - 24,148) and the CEWS in the amount of \$279,819 (2020 - 262,866) which has been reflected in revenue. Application to the TWS and CEWS programs are subject to uncertainty around the review and approval of the Corporation's eligibility by the Canada Revenue Agency. It is not possible to predict with assurance the ultimate outcome of any potential reviews performed by the Canada Revenue Agency. Any differences arising from CRA reviews would be reported in the period in which such determination was made.

13. Correction of an error

During the year the Corporation determined that due to the nature of the international priests account, it would be better presented as a liability than as internally restricted net assets.

The correction of error has been applied retrospectively, and prior periods have been restated.

For 2020 the impact of this correction is to decrease opening net assets by \$168,750, increase clergy expenses by \$18,750, increase accrued liabilities by \$187,500, and decrease ending net assets by \$187,500.

Certain comparative figures have been reclassified to conform with current year presentation.

Episcopal Corporation of Saskatoon
Notes to the Financial Statements

For the year ended June 30, 2021

14. Parish Development Fund

The financial statements of the Corporation include the following amounts relating to the Parish Development Fund:
